

GAS FURNACES

GOOD
ECONOMICAL & RELIABLE

Z9ES-SERIES 96% AFUE SINGLE-STAGE FURNACE

- 10 Year Parts Warranty
- Lifetime Heat Exchanger Warranty
- High Efficiency ECM Motor

BETTER
EFFICIENT & DEPENDABLE

Z9ET-SERIES 97% AFUE SINGLE-STAGE FURNACE

- 10 Year Parts Warranty
- Lifetime Heat Exchanger Warranty
- High Efficiency ECM Motor

BEST
HIGH EFFICIENCY WITH OPTIMAL COMFORT

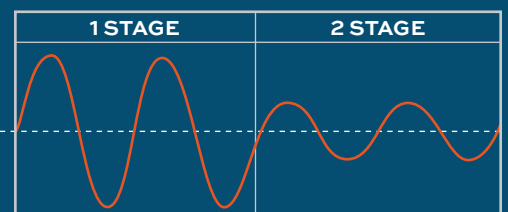

CP9C-SERIES 98% AFUE MODULATING FURNACE

- 10-Year Parts Warranty
- Lifetime Heat Exchanger Warranty
- First Year Replacement Guarantee
- Premium VS ECM Motor

FURNACE STAGES EXPLAINED

The number of heat stages of a furnace is an indicator of its energy efficiency and ability to deliver consistent comfort on demand. A single stage furnace only operates as on or off, leaving large temperature swings that consume more energy. A two stage furnace offers an additional step, leveling out the peaks and troughs that can occur in temperature which increases efficiency and comfort.

Desired Room Temperature

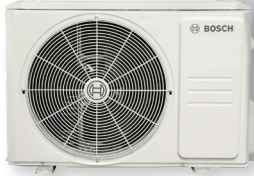

DUCTLESS

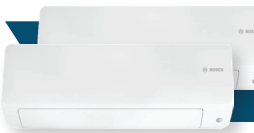

GOOD
ECONOMICAL & RELIABLE

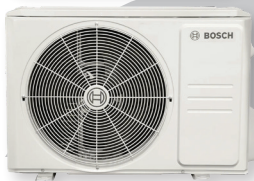

RD-SERIES 23.5 SEER2 SINGLE-ZONE HEAT PUMP

- -13°F — 122°F Operating Range
- Whisper Quiet
- 10 Year Parts Warranty
- 10 Year Compressor Warranty

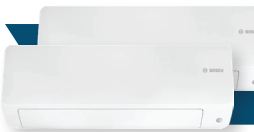

BETTER
EFFICIENT & DEPENDABLE

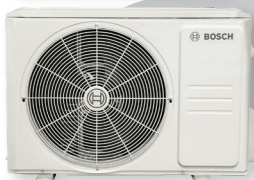

RD-SERIES 24 SEER2 MULTI-ZONE HEAT PUMP

- -13°F — 122°F Operating Range
- Whisper Quiet
- 10 Year Parts Warranty
- 10 Year Compressor Warranty

BEST
HIGH EFFICIENCY WITH OPTIMAL COMFORT

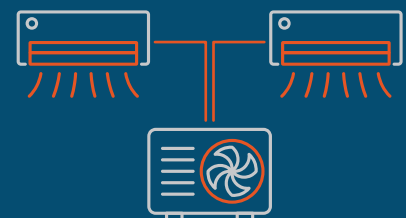

HD-SERIES 23 SEER2 MULTI-ZONE HEAT PUMP

- -22°F — 122°F Operating Range
- Whisper Quiet
- 10 Year Parts Warranty
- 10 Year Compressor Warranty

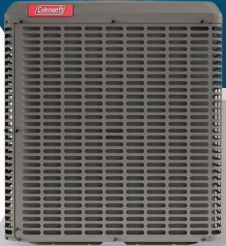

DUCTLESS DOES IT

Ductless systems deliver personalized comfort to any space in your home without the hassle of installing traditional ductwork. They're energy efficient, whisper quiet, and work in virtually any climate, keeping you cool in the summer and warm even on the coldest winter nights.

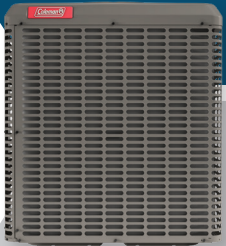

AIR CONDITIONERS

GOOD
ECONOMICAL & RELIABLE

XC3-SERIES 13.4 SEER2 AIR CONDITIONER

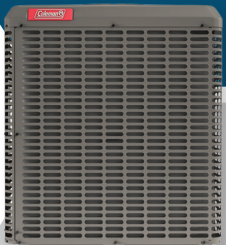

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty
- Single Compressor

BETTER
EFFICIENT & DEPENDABLE

XC4-SERIES 14.3 SEER2 AIR CONDITIONER

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty
- Single Stage Compressor

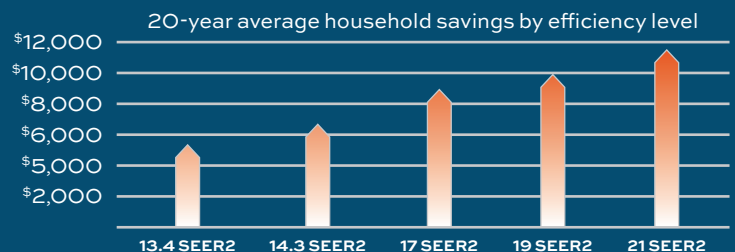

BEST
HIGH EFFICIENCY WITH OPTIMAL COMFORT

XC6-SERIES 16 SEER2 AIR CONDITIONER

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty
- 2-Stage Compressor

WHAT DOES SEER2 MEAN?

“SEER2” stands for Seasonal Energy Efficiency Ratio 2. Specifically, SEER2 is the total heat removed from the conditioned space during the annual cooling season. Higher SEER2 ratings translate to greater energy savings over the lifespan of the system.

HEAT PUMPS

GOOD
ECONOMICAL & RELIABLE

XH4-SERIES 14.3 SEER2, 7.5 HSPF2 HEAT PUMP

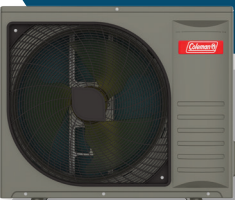

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty

BETTER
EFFICIENT & DEPENDABLE

XH5-SERIES 15.2 SEER2, 7.8 HSPF2 HEAT PUMP

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty

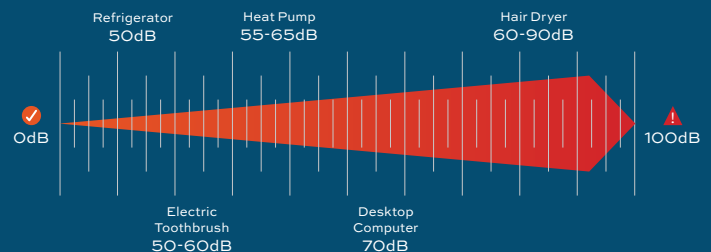

BEST
HIGH EFFICIENCY WITH OPTIMAL COMFORT

HH8-SERIES 18 SEER2, 9.5 HSPF2 HEAT PUMP

- 10-Year Limited Parts Warranty
- 10-Year Limited Compressor Warranty

WHAT IS A HEAT PUMP?

Heat pumps offer an energy-efficient and versatile solution for heating and cooling your home. With advancements in technology, they are quiet and reliable options for new construction and retrofits alike.

HUMIDIFIERS

GOOD
ECONOMICAL & RELIABLE

BYPASS HUMIDIFIER

- Up to 18 gallons of output per day

BETTER
EFFICIENT & DEPENDABLE

FAN-POWERED BYPASS HUMIDIFIER

- Recirculation valve maximizes panel saturation & reduces waste water
- Up to 21 gallons of output per day

BEST
HIGH EFFICIENCY WITH OPTIMAL COMFORT

STEAM HUMIDIFIER

- Works well in hard water applications
- Up to 34.6 gallons of output per day
- Electrode Technology

HEALTHY HUMIDITY

Proper humidity levels help to reduce the airborne incidence of bacteria, viruses, fungi, and dust mites, that can cause respiratory infections and symptoms related to allergies and asthma. Help preserve the natural beauty of wood floors, cabinetry, furnishings, and anything else in your home susceptible to warping, cracking, or other permanent damage due to low humidity levels.

ACCESSORIES

MEDIA AIR CLEANERS HIGH PERFORMANCE FILTRATION

REMOVES UP TO 99% OF AIRBORNE POLLUTANTS, improving indoor air quality while protecting hvac systems from dust buildup. The right air filters make all the difference. One-inch filters deliver high static pressure and have a low capacity for holding dust.

iWAVE AIR PURIFIER SELF-CLEANING ION GENERATOR

KILLS MOLD, BACTERIA AND VIRUSES, reduces allergens, odors, smoke, static electricity and other airborne particles. Self-cleaning design ensures ongoing peak performance. Needle point ionization actively treats air in the living space.

REME-HALO AIR PURIFIER UV LIGHT REDUCES AIRBORNE POLLUTANTS

COMBINES UVC LIGHT WITH AN ADVANCED CATALYST to create low concentrations of airborne hydrogen peroxide, along with bipolar ions that disperse throughout your air-conditioned space. REME HALO® is incredibly effective at reducing allergens, viruses, bacteria, mold spores and odors throughout your home.

CLEAN AIR IS HEALTHY AIR

The indoor air quality in your home or office can be five times more polluted than the outdoor air, primarily because your air conditioning system continuously recycles air, concentrating pollutants. Since you spend up to 90% of your time indoors, it's important to consider the impact these pollutants can have on your long-term health and wellbeing.
